About Me

I'm Divyansh Soni, currently pursuing B.Tech in Internet of Things(IOT) at MITS Gwalior. I love building clean, responsive web apps that solve real problems. My strength lies in turning abstract ideas into fully functional interfaces. Besides coding, I enjoy participating in tech fests, exploring startups, and helping peers with frontend design.

My Core Skills:

- HTML
- CSS
- JavaScript
- Tailwind CSS

Education & Projects:

2024 - Present: B.Tech (IoT), MITS Gwalior

2025: Started my freelance web design journey

Ongoing: Working on my own personal brand

Featured Projects

Featured Projects

My Portfolio

A clean, responsive portfolio to showcase my work and journey. Built with Tailwind CSS and passion.

Brand Launch Site

Designed a smooth branding page with CTA for influencers using Tailwind, focused on mobile-first design.

Landing Page Concept

Mockup of a startup landing page with bold design, call-to-actions and conversion-focused layout.
